POLAR™ THERM EXTREME TIP-UP

The Polar™ Therm Extreme Tip-Up is an "underwater" tip-up designed with many features that put it in a class by itself.

- Patented trip mechanism is freeze-proof.
- Design allows the entire tip-up to fit in a 5 or 6 gallon pail. Stack over five tip-ups tangle-free in a 6 gallon pail.
- Tangle free feature with the foam hook holder at the bottom of the spool.
- Keeps ice hole free of ice by trapping the thermal action of the open water. This natural phenomena keeps the ice hole open in sub zero temps.
- Set the adjustable tension light for panfish, medium for walleye and heavy in deep water for lake trout and northerns.
- Rugged design built out of space age plastic - takes punishment and stays lightweight and warm to touch.
- Built-in tackle box for easily convenient set-up at the hole location
- Easy operation: pull the center mechanism into a perpendicular position, set line at your selected depth, place flag trip wire under the trip bar, and place tip-up over the hole with the spool under the water.
- Built-in lightstick holder for marking your tip-up at night.
