

BLACK STEEL TRI-GLASS COMPOSITE

When you are fishing with a Black Steel Rod in your hands you are telling your fellow anglers you are fishing with "The Best of the Best".

Seeker's Black Steel Rods were designed by Randy Penny to produce maximum lifting power with a faster recoil.

These Rods have caught 300 Lb. Yellowfin Tuna, 1,200 Lb. Marlin, 600 Lb. Bluefin Tuna, 300 Lb. Halibut and world record Albacore and Sturgeon. Shouldn't your next rod be a Seeker Black Steel.

We at Seeker are very proud to say these rods are 100% Made in the U.S.A.

With 48 models to choose from 12 Lb. to 130 Lb. there is a rod for every application.

These rods are triple wrapped using Perfection Tip Titanium Nitride guides with a Gold Carbide Tip Top. Live bait rods have a Graphite reel seat, Tuna rods feature Aftco black roller guides and a Perfection Tip Co. aluminum 6061-T6 reel seat.
