

New from  
Ande,  
Monster Blue

# "Monster", the Strongest Line by Ande for big fish... Just added color.

ANDE "Monster" now comes in Yellow and Blue. "Monster" isn't an IGFA line but was formulated for big fish like shark, tuna and marlin. If you're fishing for big fish put a "Monster" in your boat. World Class Anglers who can use any line, choose "Monster" when they go for the big ones, why would you use anything else? And now you can choose between Yellow and Blue. Nothing tougher...Period!
