

“Decorative Wraps Pattern Animations”

This DVD is a collection of animated movie files that show Cross Wrap patterns developing thread-by-thread! Lines on the screen are used to represent threads on the rod. Seeing a pattern develop in this way can make it easier to understand than the traditional method of interpreting instructions from a book.

- 20 Patterns to choose from, plus a general introduction.
- A simple menu system for easy pattern selection
- Each pattern is shown wrapping thread-by-thread
- 3D image of the pattern appears at the end of each animation.
- On screen instructions and hints
- Pause, rewind, fast forward as required where needed
- Ideal for playing on a DVD player right on the table where you wrap!
