- BHSPIRAL450G-52B
  
- BH76GROD01      BLACK HOLE 76 GRAPHITE ROD
- BH80GROD01      BLACK HOLE 80 GRAPHITE ROD
- BH80NROD01      BLACK HOLE 80 NANO ROD
- BH86NROD01      BLACK HOLE 86 NANO ROD

**BLACK HOLE CAPE COD SPECIAL SPINNING ROD**

Unique Features:

- Shows extraordinary strength and power due to use of cutting-edge Nano Technology
- Fully Parabolic action
- Though the rod shows tremendous power for the rating, the action of the rod is pretty soft that it gives less burden on your back while fighting
- Light weight
- Blanks are extremely beautiful and unique due to special wrapping of Carbon Material
- One Year Warranty

**Black Hole CCS 250g Rod**

- Enormous Strength and durability for 250g blank, probably one of the strongest blank ever introduced
- Recommended for Tuna up to 50~100lb though over 100kg (220lb~230lb) Tuna was caught with this rod.
- Blank is very light
- Recommended for 15~20lb drag though it can take much heavier drag

**Black Hole CCS 350g Rod**

- Good for Tuna up to 100~200lb, but it can handle heavier Tuna if needed
- Also great for Amberjack for any size
- Recommended for 20~25lb drag though it can take much heavier drag

**Black Hole CCS 450g Rod**

- Good for Tuna up to 100~200lb, but it can handle heavier Tuna if needed
- 773lb giant was brought to the boat after fighting for 4.5 hours with this rod
- Recommended for 25~30lb drag though it can take much heavier drag

No.	Piece	Length	Jig Weight	Line Rating	MAX Drag
BH250G-54S, 56S	1pc	5'4", 5'6"	250g	PE3~6	20lb
BH350G-50S, 52S	1pc	5', 5'2"	350g	PE4~8	25lb
BH450G-50S, 52S	1pc	5'	450g	PE5~10	30lb

**BLACK HOLE CAPE COD SPECIAL SPIRAL ROD**

Unique Features:

- Its unique guide positions reduce the torque between the last two guides (near the reel seat). Thus you will not hurt your wrist while fighting giant, much easier to fight.
- Shows extraordinary strength and power due to use of cutting-edge Nano Technology
- Fully Parabolic action
- Though the rod shows tremendous power for the rating, the action of the rod is pretty soft that it gives less burden on your back while fighting
- Light weight
- Blanks are extremely beautiful and unique due to special wrapping of Carbon Material
