PLA311	Blue	7.22
PLA312	Green	7.22
PLA313	Burgundy	7.22
PLA320	Black	7.22

**EPOXY PAINT**

This versatile finish is great for use on properly prepared metals such as vehicle frames, roll bars, grill guards, etc. Our super tough Epoxy Paint resists cracking, chipping and peeling. It shrugs off ordinary stains and is unaffected by moisture. Epoxy paint sprays on evenly and dries to a factory-like finish.

No.	Color	Price
PLA191	White	\$5.54
PLA193	Black	5.54

**CAMOUFLAGE COLOR**

Camouflage color is a premium enamel coating that is long-lasting, durable and colorfast. It's multi-surface qualities make it the perfect paint for backpacks, boats, vehicles, blinds, canoes, gun cases, hunting bags, outboard motors, oars, shell boxes, thermos bottles, trailers, tree stands, all-terrain vehicles...use on almost anything you want to make "disappear" in the great outdoors.

TOL00186	\$17.05

**KB QUICK PULL**

A handy tool used for tying off thread wraps. Rather than using a piece of pinched thread that often breaks or twists, use this simple tool to eliminate those problems. Tool has two loops, one for your finger and the other to wrap the thread around. This tool makes finishing a breeze. Pack of 5.

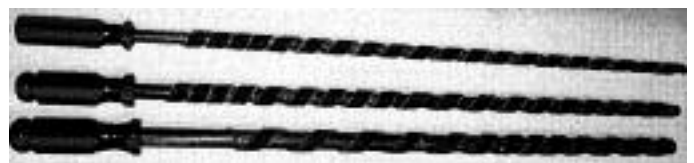

<b>No.</b>	<b>Description</b>	<b>Price</b>
KBQP	Quick Pull Wrap Tool	\$4.05

**SPEED REAMERS**

Speed reamers feature a screwdriver type handle for a comfortable grip, ideal tapers, and are the first reamers ever with cloth backed silicon carbide grit. Cloth backed silicon carbide has the advantage of not coming off after you do a few rods as other reamers in which the grit is just glued on to a piece of blank. All reamers are 18 inches long not including the handles and come in 3 tapers.

<b>No.</b>	<b>Description</b>	<b>Price</b>
KBRS	Small: .25 - .45	\$19.25
KBRM	Medium: .375 - .55	19.25

### DENTAL RUBBER BANDS

Premium grade pure rubber bands provide more tensile strength than synthetic bands.

No.	Description	Price
106-2636	5/16" Round / 9mm For all blanks except surf	\$1.00 per 20
GOVKG12R	1 3/4" Oval Surf Rod bands	\$1.00 per 20

### DOUBLE ROLL TAPE DISPENSER

- Holds two 1" rolls or one 2" roll on a 3" core.
- Heavy-duty. Base is heavily weighted. Won't slide.
- Versatile. Perfect for dispensing two different types of tapes.

No.	Price
CANEX227	\$19.95

### MASKING TAPE DISPENSER

- Weighted...won't slide on surface.
- Convenient. Keeps tape handy—in sight. No more lost rolls.
- Holds all tapes up to 1" wide—1" or 3" cores.

No.	Price
CANEX117	\$18.36

**ROD WRAPPING FINISH**

AFTCOTE, the world's finest rod wrap finish, is a special two-part urethane-modified, custom mixed epoxy, with superior qualities developed for specific use on fishing rods. NON-YELLOWING and UV-resistant, AFTCOTE is extremely durable, yet flexible to resist cracking and checking. It won't absorb water, so it doesn't turn milky, and its urethane base has

superior working qualities—water white clarity, self-leveling, longer working time, and easy bubble release. AFTCOTE cures with a super high-gloss sheen, and it has a longer shelf life than other rod finishes.

No.	Description	Price
AF8	1/2 pint (8 oz.) kit, clam packed with brochure	\$13.99
AF16	1 pint (16 oz.) kit, clam packed with brochure	20.62
AF32	1 quart (32 oz.) kit, shrink packed with brochure	32.97

**RODSMITH NYLON BRUSHES**

• 12 count foil packets—great for single rod building jobs

• Excellent for applying RodSmith Glue & Finish

No.	Size	Type	Price
12PK-NYLBRSH	3.375"	Brush	\$4.12

**ROD FINISH & GLUE**

The PAC BAY line of finish offers the rod builder the following advantages:

1. On UV testing our finish showed less yellowing than competitive finishes
2. Faster total cure
3. Less blush possibility
4. More UV absorbers. UV absorbers are considerably more expensive and provide superior UV protection.
5. Better viscosity
6. Pac Bay is a cycloaliphatic formula, which is the most modern technology available.

Pac Bay finish offers our customers a finish, which stays fluid, and thus usable longer and dramatically reduces yellowing. It is truly an outstanding product.

**Custom Rod Wrapping Finish**  
*Ultra Clear • High Gloss • UV Resistant Resilient • Waterproof*

**Rod Building Classroom-In-A-Kit**

**Rod Kits for Students**

Plus a Teacher's Supply Pack/Optional 4-Rod Dryer

6-1/2' Spin • 6-1/2' Cast • 9' Fly Kits

**Everything You Need to Build a Rod**

Teacher's Support Packet contains 2 additional kits for spare parts

Classroom-In-A-Kit is designed for primary and secondary school systems in the USA with students under the age of 18.

Quality Classroom Project includes everything you need to build 20 Professional Spinning, casting, or Fly Rods. RodSmith is a trusted name in the rod building community and our kits have been awarded the "Field Test - Seal of Approval" from the North American Fishing Club.

The goal of our Classroom-In-A-Kit program is to foster recreational fishing and outdoor family activity in general and specifically the skills associated with rod

building among our youth.

Teacher's Supply pack includes: our new 12 pack of assorted metallic colors, plus 2 complete kits for unexpected replacements during routine classroom activity. Our Spin, Cast, Fly kits consist of our popular, time proven fishing rod components. Glue and finish are provided in convenient foil packets for easy mixing and minimum mess. Each student kit is self contained in a clear plastic box making it convenient for storage.

Great for all organizations such as Boy Scouts, Girl Scouts and youth clubs.

**TEACHER'S SUPPLY PACK**

- Rod Building DVD
- Wooden mixing sticks
- Mixing cups
- 12 pack rod finish
- 12 pack rod glue
- Scissors
- Thread
- Masking tape 1/4"

**Still The Best!**

Flex Coat. For over 30 years the name has said it all. Hard yet flexible, Flex Coat is the wrap finish that all other brands are compared to. And with good reason...Flex Coat offers the very best combination of properties found in a quality thread wrap epoxy finish. Superior leveling, outstanding durability, brilliant clarity and unequaled stability make Flex Coat the world's #1 epoxy wrap finish.

**FLEX COAT ORIGINAL HIGH BUILD**

The World's #1 selling epoxy thread wrap finish. Easy to use and perfect for nearly any rod. The closest you can get to a do-it-all thread wrap finish in a high-build, flexible coating that lasts a lifetime.

V128	Gallon Kit	93.27

**FLEX COAT LITE**

If you desire a lighter weight, thinner coating, choose Flex Coat Lite. Beginners love how easy it is to use. Pros choose "Lite" for its elegant appearance. Perfect for fly rods and ultra light rods. Can be applied in multiple coats if you desire more depth without additional weight. Need a fancy color? Flex Coat Lite can be mixed with a colorant such as Testors Paint when painting a blank a different color.

IMPROVED FORMULA

**SABLE BRUSHES**

The finest pure red sable makes these brushes the absolute best on the market. Firm, densely arranged sable provides superior control. This is the secret to applying finish to wrap at high RPMs. High durability for continuous performance. Clean up easily with epoxy brush cleaner or solvent.

No.	Description	Price
W6	Pkg of 4 SABLE brushes #6 <sup>1</sup> / <sub>4</sub> "	\$21.91
W8	Pkg of 4 SABLE brushes #8 <sup>3</sup> / <sub>8</sub> "	27.53
W10	Pkg of 4 SABLE brushes #10 <sup>1</sup> / <sub>2</sub> "	29.49
W12	Pkg of 4 SABLE brushes #12 <sup>9</sup> / <sub>16</sub> "	34.43

**BRUSH CLEANER**

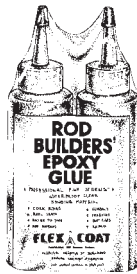

A safe, mild alternative to low flash point solvents for cleaning liquid Flex Coat from brushes. A great way to extend the life of your brushes.

No.	Description	Price
L4	4 oz. brush cleaner	\$3.33
L64	1/2 gallon brush cleaner	33.18

**EPOXY GLUES**

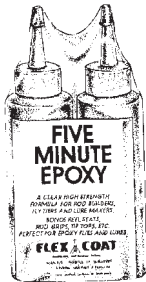

Professional, clear, high strength, waterproof bonding material. Perfect for glueing reel seats, ferrules, gimbals, handles, grips, roller tip tops, cork rings, butt caps and general repair. Pot life of 20 minutes- full strength in 2 hours.

No.	Description	Price
G4	4 oz. kit epoxy glue	\$9.20
G8	8 oz. kit epoxy glue	14.69
G32	Quart kit epoxy glue	33.86
G128	Gallon kit epoxy glue	92.07

**5-MIN. EPOXY GLUE**

A clear high strength formula for rod builders, fly tiers and lure makers. Bonds reel seats, grips, tip tops etc. Perfect for epoxy flies and lures. Mixture has a pot life of about 5 minutes and dries to touch in 10-15 minutes. Bond can be handled or put to use immediately. Full strength is achieved overnight.

No.	Description	Price
Q4	4 oz. 5 minute epoxy glue	\$10.82
Q8	8 oz. 5 minute epoxy glue	15.86
Q32	32oz. Kit Flex coat 5 min. epoxy glue	42.66

**THERMAL PLASTIC TIP TOP ADHESIVE**

This adhesive is ideal for installing the tip tops on blanks. Maintains high strength bond in all temperatures and retains flexibility when cold. Holds under extreme heat conditions, such as closed cars on summer days.

No.	Description	Price
T2	Tip top adhesive	\$1.82
BTT	10" stick of adhesive	3.89

**GUIDE FOOT ADHESIVE**

For temporary attachment of guides before wrapping. Low melting point, fast, easy to use. Functions as an underwrap in protecting the blank from abrasion by the guide foot.

No.	Description	Price
J2	Guide foot adhesive	\$1.82

**COLOR PRESERVER**

Strong, no-yellowing color preserver provides great penetration and color retention. Easy to use, non-toxic, cleans up with water. Apply 2-3 coats on regular thread. One coat for NCP thread if sealer is desired.

No.	Description	Price
C1	1 oz. color preserver	\$1.93
C4	4 oz. color preserver	4.67
C64	1/2 gallon color preserver	38.81

**ACCESSORIES**

**COLOR CODED SYRINGES**

Reusable, guarantee accurate measurement of Flex Coat 50/50 mix.

No.	Description	Price
S2	2 color-coded 3 cc syringes, pegboard	\$1.38
S12	Set of two 12 cc syringes	2.17

**UTILITY KNIFE**

For trimming thread tie-offs and removing damaged guides for repairs. Knurled grip.

No.	Description	Price
K1	Utility knife w/ 6 blades & safety cap	4.19
K2	Pkg. of 5 knife blades ONLY	1.96

**CHINA MARKERS**

Ideal for marking blank spines and guide spacing. Easily wipes off after use.

No.	Description	Price
C5	Box of 12 China markers	17.22

**LETTERING PENS**

Provides a striking method of writing information on to any fishing rod, such as builder, owner, blank specifications or lucky charms. For use with water based inks and metallic enamel paints. Pen and pen points sold separately.

No.	Description	Price
H1	Box of 12 Lettering pen point handles	23.82
H2	Box of 12 lettering pen points X-Fine	16.13

**YORKER CAPS**

Popular for easy squeezable application.

No.	Description	Price
Y20	Set of 2 caps for 1oz bottles	.70
Y24	Set of 2 caps fits 2,4 & 16 oz bottles	.70

**TENSION DEVICES**

No.	Description	Price
CTT1	Silver thread tension device	5.16

**OPEN RING THREAD SCISSORS**

Finely serrated sharp edge for cutting thread while wrapping rods. Vinyl coated open ring handle allow you to continuously wrap while holding scissors.

No.	Description	Price
SC1	Open ring thread scissors	\$6.41

**LATEX GLOVES**

Box of 100 Latex Gloves available in Large only

No.	Description	Price
GL1	Large Latex Gloves	\$13.17

**FLEX COAT FINISH STIR STICKS**

Bulk pack of 100 Finish Stir Sticks

No.	Description	Price
BSS100	Finish Stir Sticks	\$1.87

**Diamondite Rod Finish Products**

No.	Description	Price
SWID50RFC	50 ml Cartridge 2-Part Rod Finish	\$8.45

**IRIDESCENT LURE FINISH SYSTEM**

The iridescent flash of a fish in the sunlight is familiar to people who fish, and to aquatic and marine predators. This effect is caused by the iridescent crystal cells in the dermal layer of fish skin. These cells refract the light from the sun and then are transmitted through the translucent scales. This characteristic coloration is now available to lure makers and epoxy fly tiers. The iridescent finish system suspends precision cut glitter crystals in a clear, high strength finish to produce a distinctive prismatic effect similar to the flash of a bait fish.

**2oz. KIT**

This kit includes 1 tube of multi-color iridescent glitter, 2 oz kit of Flex coat finish, 2 color-coded syringes, 5 finishing brushes, 5 mixing cups, and 5 mixing sticks

No.	Price
GK2	\$11.30

**4oz. KIT**

**SPEED WRAPPER**

Originally designed for commercial rod manufacturers, this smooth operating set up provides almost effortless wrapping. Cushioned nylon rollers on a polished steel shaft allow free spinning action with great control. A wrapping control board with adjustable thread tension and thread feed slides along a 7' alignment board.

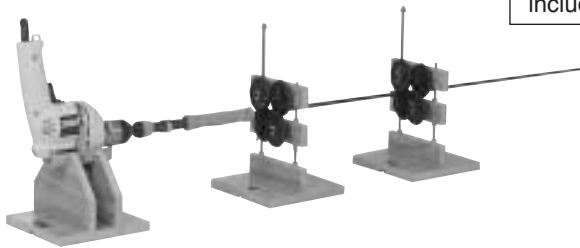

**CORK LATHE SET-UP**

Set-up includes motor stand with motor clamps and 2 sets of roller supports. Adapts to almost any hand drill. Sturdy, commercial duty. This lathe is fantastic for shaping cork and foam grips.

<u>No.</u> RL100	<u>Price</u> \$142.96
---------------------	--------------------------

Drill not included.

**FINISHING MOTORS**

For commercial rod makers who need a smooth running, high speed finishing machine. Full length steady hand rest, free spinning roller supports and self-adjusting chuck for effortless application of finish.

<u>No.</u>	<u>Speed</u>	<u>Price</u>
GM18	18 RPM	\$65.35
GM6	6 RPM	65.35
GM40	40 RPM	65.35

**CORDLESS**

High quality, quiet 7 RPM motor with self adjusting chuck for rotating a rod while applying a curing Flex Coat Rod Finish. Comes with a stable vinyl coated stand and a v-upright support for any rod length. Thousands of hours of operation on one 6 volt battery included.

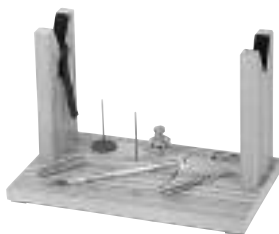

<u>No.</u>	<u>Speed</u>	<u>Price</u>
BR7	7 RPM	48.41

**ECONOMY / TRAVELER ROD WRAPPER**

Great for custom rod building to streamside repairs. Compact enough to fit in a brief case or gear bag.

<u>No.</u>	<u>Price</u>
EW1	\$32.84

**FLEX COAT "POWER HOUSE" ROD WRAPPER**

Stock #DL787

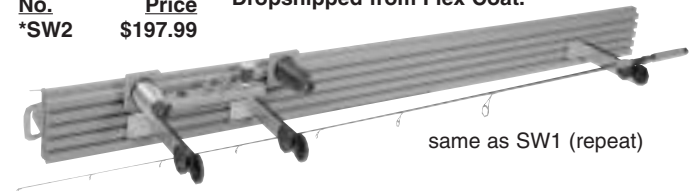

Designed for commercial, high production rod manufacturers who wrap in the East Coast-West Coast style of no mechanical tension device or thread feed. Features include a quality USA made wrapping motor with variable speed foot control, self-adjusting chuck, and an engineered roller support. Can be set up to any length. Made in the USA. This is a no-nonsense, hard core, professional rod wrapping machine.

- Call for price
- See picture on our website under "New Products"
- Ships in a small box

**SPEED WRAPPER 2**

The perfect machine for those who prefer the direct control and tactile feel of a manual powered speed wrapper. Always ergonomically correct no matter what part of the rod you are wrapping. With experience and certain types of rods (fly rods with no underwraps), adept builders can match or even surpass the speed of builders using powered wrappers. Same high quality components as our higher-end model powered wrapper with a uniquely designed rear thread feed/tension assembly. Accepts 1 and 4 oz. thread spools and secures easily to most tabletops with included clamps.

<u>No.</u>	<u>Price</u>	Dropshipped from Flex Coat.
*SW2	\$197.99	

**PROFESSIONAL OEM POWER DRYING UNIT**

Holds four rods, wall mounted, suitable for tackle shop repair operations or stackable for mass production OEM purposes. Continuous duty 6RPM or 18 RPM motor standard. On-off lights and switches.

<u>No.</u>	<u>Speed</u>	<u>Price</u>

U4014	4 oz.	9.57

**COLOR LOCK SEALER/PRESERVER**

Water-based compound locks in thread color, and locks thread to the rod. Retains superb luster. Compliments U-40 Perma Gloss, but can be used under any finish.

No.	Size	Price
U402	1 oz.	\$2.31
U4024	4 oz.	5.28

**URETHANE CORK SEAL**

Seals and toughens surface of cork rod handles. Prevents penetration of soil or foreign matter.

No.	Size	Price
U403	2 oz.	\$3.63

**BRUSH CLEANER SOLVENT**

Effective on all polymers, urethanes or epoxies before they are cured. Cleans dirty rods. No noxious odor. Slow drying, does not evaporate quickly if left in open jar. Low toxicity.

No.	Size	Price
U406	4 oz.	\$3.80

**ROD BOND**

Tough, durable yet flexible, two-part epoxy adhesive. Remarkable product made just for rod builders. Acts as lubricant so that handle can be precisely placed. Can be molded, machined, drilled, tapped. You can even color it!

No.	Size	Price
U409	4 oz.	\$9.24
U4098	8 oz.	14.36
U40932	32 oz.	37.13

**DURAGLOSS LS SUPREME EPOXY FINISH**

Totally bubble free with better resistance to UV. LS Supreme features better thread penetration, leveling and flexibility characteristics.

No.	Size	Price
U40202	2 oz.	\$9.90
U40204	4 oz.	12.87
U40208	8 oz.	18.98
U40232	32 oz.	47.85
U402128	1 Gal	128.04

**SMOOTH-ON METALSET A4**

Metalset A4, is a general purpose epoxy resin cement containing an aluminum filler to provide a metallic appearance and good machining qualities. It has excellent adhesion to porous and non-porous surfaces.

It contains no solvent so it cures with negligible shrinkage.

No.	Size	Price
SM06	6 oz. tube set	\$10.00
SM011	11 oz. tube set	12.00
SM032	2 quarts	38.00

**Merrick's SPRAY EPOXY ROD FINISH - 13oz.**

In CLEAR.  
 No. Price  
 MTCERF \$10.50

**Merrick's ALCOHOL BURNER**

Best heat source for tiptop installation and repair. Leaves hands free. Fueled by clean burning denatured alcohol.

No.	Price
A1	\$9.99

**ROD DUST**

A high quality glitter that you mix with epoxy for a dramatic sparkle effect on your custom rods. 1 oz.

No.	Price
COM2-	\$4.82

Please specify color by number:

50 Fire Opal	75 Orange
55 Chartreuse	80 Red
60 Gold	85 Black
65 Emerald Grn	90 Electric Blue
70 Silver	95 Fuschia

**Merrick Tackle HOT MELT TIP TOP ADHESIVE**

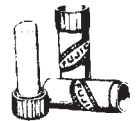

Quick, easy, hot melt professional adhesive. Perfect for cementing on tips. Holds in extreme temperatures, yet flexible when cold.

No.	Per stick
TTC	\$ .70

- High Strength
- Easy to Use
- Fast
- Easy to Repair
- High Temperature
- Flexible

**FUJI HOT MELT LIPSTICK GLUE**

No.	Price
FGIC	\$2.50

**EPOXY GLUE**

A specially compounded epoxy system of vaseline consistency producing an amber glue line. Designed as a one-to-one mix, this adhesive will bond to almost any surface such as cement, fiberglass, etc.

No.	Size	Price
ROS500110	1 quart	\$33.95
ROS500122	1 gallon	95.00

**GUDEBROD FERRULE CEMENT**

[SEE POLICY PAGE FOR DETAILS]

You know our stripes...

**THE ONLY TOTAL ADHESIVE SYSTEM - Zap products are used for all aspects of fly tying, rod building and lure making.**

**ZAP A GAP CA+**

Gap filling formula. 7-10 seconds for positioning. 20 seconds cure time. Bonds to anything. Works on oily surfaces too. • Excellent skirt glue

No.	Size	Price
FTEPT02	1 ounce	\$4.99
FTEPT04	¼ ounce	2.36

**ZAP CA**

Super thin penetrating formula. Works great on most materials. Strengthens fiberglass cloth. Bonds in 1-5 seconds. • Great knot glue

No.	Size	Price
FTEPT10	¼ ounce	\$2.36

**ZAP A DAP A GOO**

All-purpose adhesive and sealant. Not a super glue. Bonds virtually anything to anything. Goopy, strong, yet flexible formula.

No.	Size	Price
FTEPT12	3 ounce	\$3.84

**Z-7 DEBONDER**

Debonding agent for all super glues. Softens cured glue so it can be easily removed.

No.	Size	Price
FTEPT16	1 ounce	\$2.90

**KICKER FOR PLASTICS**

The only accelerator safe to use on plastics. Use sparingly. Expands gap-filling ability.

No.	Size	Price
FTEPT15	2 ounce	\$4.31

**Z-ENDS**

Extender tips. Allow smaller drops of glue to be placed in hard-to-reach areas. Ten tips & a 12" length of micro dropper tubing.

No.	Price
FTEPT18	\$2.69

**Z-POXY**

\* Great for epoxy flies, and rod building

No.	Type	Size	Price
FTEPT37*	5 min.	4 oz	\$7.22
FTEPT38*	5 min.	8 oz	9.85
FTEPT39	30min.	8 oz	9.85

**QUIK-BOND**

Quik-Bond has the same features and benefits you have come to know and love about Rod Bond, such as:

- Easy to mix, very forgiving
- Stays where you put it without dripping and running
- Note: These top two features make rod-building classes much easier
- Bonds almost any material to any material, i.e. cork, metal, wood, graphite, fiberglass, EVA, etc.
- Can be used for bonding cork rings, cork handles, EVA foam handles, reel seats, butt caps, ferrules, winding checks, hosels, rod tips, etc. Feel free to use your imagination.
- Can be molded, drilled, and, tapped, colored, etc.
- Has a knack for being a rod builder's dependable friend.
- Begins setting up in about 15 minutes at 70° F and about 10 minutes at 90° F. In less than one hour bonded parts can be handled freely. This saves you time when you need it without sacrificing any "Rod Bond" benefits.

No.	Size	Price
U4072	2oz.	\$5.78
U4074	4 oz.	9.24
U4078	8 oz.	14.36

**FOAM SAFE SYSTEM**

**FOAM SAFE CA**

Ideal for polystyrene, foam board, cellfoam, XPS and EPS foam. Outstanding foam to foam and wood to foam adhesion. Can also be used on wood, carbon fiber, ceramics and many other materials. Odorless formula.

No.	Size	Price
FTEPT25	20 grams	\$7.42

**FOAM SAFE KICKER**

Accelerator for Foam Safe CA

No.	Size	Price
FTEPT28	2 oz.	\$4.31

**SHEET ZAP**

Special thick formula cures very slowly. Gives you almost a full minute to position your parts precisely. Accelerate cure with Zip Kicker.

No.	Size	Price
FTEPT30	1 oz.	\$5.19

**Z-POXY QUICK SHOT**

Handy 5-minute epoxy bonds wood, metal, plastic, fiberglass, glass, ceramic, leather...you name it! Great for on-the-sport field repairs.

No.	Size	Price
FTEPT36	1 oz. package	\$3.30

**SLO-ZAP CA**

Thick and strong for high stress areas. Works well on hard woods such as Maple and oak, also will bond glass, metals (non-stress) and ceramics. Allows 30 seconds for positioning and cures in 60 seconds.

No.	Size	Price
FTEPT33	2 oz.	\$9.44

**PLASTI-ZAP**

Medium viscosity for plastics. Cures clear. Won't attack paint. Great on most plastic models, car moldings, and vinyl repairs.

No.	Size	Price
FTEPT19	1/3 oz.	\$2.69

**FLEX-ZAP II**

High-strength, shock resistant. Moisture and solvent resistant. Ideal for fiberglass and carbon fiber. Cures clear. Cures in 45-60 seconds.

No.	Size	Price
FTEPT32	1 oz.	\$5.39

**ZAP GEL**

All-purpose adhesive and sealant. Thickest ZAP of all. Great where gaps are too wide for thinner ZAPs. Comes in both 3-gram (1/10 oz.) and 20 gram (7/10 oz.) tubes.

No.	Size	Price
FTEPT27	3 grams	\$1.07
FTEPT26	20 grams	5.39

**Z-42 THREAD LOCKERS**

Prevents threaded hardware loosening from vibration. The blue is temporary, the red is permanent. These are the best thread lockers you can buy! For use up to 1/4-20 threaded hardware. Use on roller guides and reel seats.

No.	Size	Price
FTEPT42	Temporary	\$2.76
FTEPT71	Permanent	2.76

**DIAMOND TWO ROD FINISH**

Gene Bullard's improved formula Diamond Two:

- Improves the brilliance of thread colors
- Highly resistant to yellowing and browning
- Excellent toughness combined with remarkable flexibility
- Great clarity - mixes clear, goes on clear and stays clear
- Zero to very few bubbles to break when mixed correctly
- Easy to work with - extended pot life
- No heat produced upon mixing

No.	Size	Price
DTRF4	4 oz.	\$14.95
DTRF8	8 oz.	24.95
DTRF16	16 oz.	42.50

**THE IMPROVED SPINE FINDER**

This improved precision tool will locate the exact spine (natural curve) of any blank quickly and accurately. Complete instructions included.

No. **FLXSF1**  
Price **\$45.50**

**IMPROVED GUIDE PLACEMENT TOOL  
AKA STATIC DEFLECTION TOOL**

This improved tool will make it easy to get your guides in the proper place on the rod blank for efficient fish fighting. Complete instructions included.

No. **FLXGP1**  
Price **\$30.84**

**4' TICKLE STICK**

4' goldenrod colored, solid fiberglass pole. Perfect to tickle the lobster out of hiding. Also used for blank repair and demonstration wraps. No taper, solid fiberglass. 9/16" O.D.

No. **HERTS1**  
Price **\$2.00**

**STUMPE'S HEAVY GUIDE COUNTER WEIGHT**

Designed to reduce the strain put on drying motors caused by rotating heavy, unbalanced rods. It also helps prevent epoxy buildup due to unbalanced rotation.

No. **RENCW0001**  
Price **\$39.16**

**FLEX COAT 1 TO 1 DISPENSER**

A highly dependable professional dispensing system which will assure accurate measurement of resin and hardener every time.

- For use with Flex Coat Finish and Epoxy Glue
- 1:1 Ratio
- Durable long lasting construction
- Two one half gallon see thru reservoirs
- Dispenses 9 cc or less of each part per stroke
- Optional Heater available

Note: recommended for manufacturers using at least 1 gallon of Flex Coat per month.

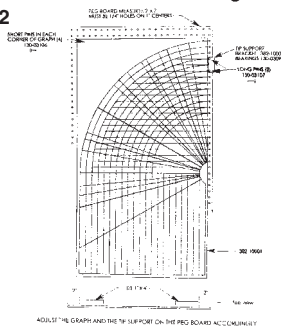

No. **\*P1000A**  
Price **\$417.51** This is a drop ship item from Flex Coat.

**RENZETTI MORTON GUIDE GRAPH**

No. **RENAC6002**  
Price **\$58.76**

Guide Chart Mounting

**RENZETTI SPINE FINDER**

No. **RENAC000**  
Price **\$39.16**

**FLEX COAT SLIP CLUTCH**

This slip clutch can be attached to any finishing motor with a 1/4" shaft and enables you to stop the rod without stopping the motor during Flex Coat application. This is essential for rod inspection and important touch ups with high speed motors of 60 to 200 rpm. It also makes coating guides with under-wraps a snap. The Flex Coat Slip Clutch is used by many of the high production rod manufacturers.

No. **SL1**  
Price **\$41.71**

**PILOT DRILL BIG JIG**

Using this jig you can make your own pilot bits for precision drilling reel seat arbors with a 1/4" pilot hole. It is important to maintain accurate alignment when securing the pilot tube to the tip of the spade bit. This jig is precision machined to maintain this alignment and fit most spade bit sizes available on the market. This unit comes with six 1/4" diameter x 1" length aluminum pilot tubes.

No. **DJ1**  
Price **\$31.50**

**PILOT DRILL BITS**

The pilot drill bit guides itself through a pre-existing hole in order to increase the diameter. These tools are made from spade bits with an aluminum pilot on the tip. When used with a hand drill the result is a perfectly centered hole.

**BENCH-MOUNTED SYRINGE DISPENSER**

- Permanently mount your epoxy dispenser so you never have to search for it again.
- A 'must have' tool for rodbuilders who enjoy the convenience of epoxy syringes.
- Dispenser readily mounts to a workbench, or can be left loose for easy portability.
- Threaded dispensing mechanism offers tighter control of epoxy flow and the tool is designed for quick and easy syringe changes.

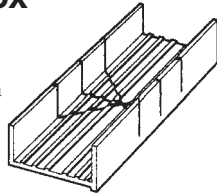

No.	Price
GOL9115	\$55.00

**ROD BUILDER'S METAL MITRE BOX**

- For precision cutting
- Slotted sides guide saw for accurate mitres
- Formed grooved base holds materials in place in widths of 3/16", 5/32", 1/4", 1/8", 3/32" and 1/16".
- Materials to be cut can be up to 7/8" deep.

No.	Price
X75330	\$11.00

**SHARPIE - METALLIC PERMANENT MARKER**

Mark almost anything with bright, lasting metallic silver color. Ideal for marking on dark colored materials. Features a tough, resilient 0.5mm tip. Permanent ink is fast drying, quick flowing, and resists water.

No.	Color	Point	Price
SS8SAN-39100	Silver	Fine	\$2.19

**INDUSTRIAL MARKERS**

Super permanent black ink for industrial, laboratory and specialty use. Ink remains permanent on metal, foil, glass, photographic film, plastic and most hard-to-mark surfaces, even in extreme heat and steam. Water-resistant and smear-proof.

No.	Color	Point	Price
SS8SAN-13601	Black	Fine	\$1.46

**2" UNITIZED WHEELS**

The ultimate tool for guide foot grinding. These 2" wheels come in different grits to prep your feet quickly and efficiently. All you need is the quick change adaptor and the wheel of your choice to speed up a time consuming, tedious job.

No.	Description	Price
ENC1	Quick Change Adaptor	\$16.00
ENC2	2" Medium grit wheel for buffing	4.09
ENC3	2" Fine grit wheel for buffing	4.09
ENC4	80 Grit for grinding	1.00
ENC5	120 Grit for grinding	1.00

We recommend purchasing both buffing and grinding wheels to complete the process.

**VARIABLE SPEED MINI LATHE**

Rodbuilders: This is the lathe for you! The Model G9247 has features found on other mini lathes costing hundreds of dollars more. You just won't find a better value anywhere!

- Motor: 1/4 HP, 110V, single-phase, TEFC brush type
- 5 15/16" swing over bed
- 3 1/4" swing over tool rest
- Cast iron bed and headstock
- 2.6 Amps
- Includes tool rest, live rolling center and spur center
- Overall size: 27"L x 4 3/4"D x 9 3/4"H
- Approximate shipping weight 46 lbs.

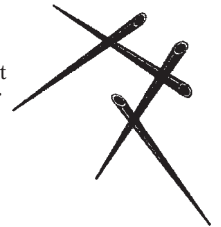

No.	Price
G9247	\$235.00

**REAMER SECTIONS**

Perfect for making your own reamers. These 18" sections can be coated with glue and rolled in grit to make an inexpensive reamer. See the index for loose grit and 5 minute epoxy.

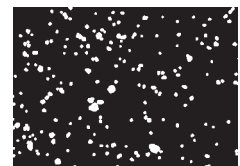

No.	Size	Price

No.	Price
ENK357C	\$37.00

**TOP & FERRULE GAUGE**

Made of heavy duty gauge hardened & ground carbon steel. Hole sizes permanently etched. Can slide over blank to measure all tops & most ferrules. Fractions 1/16" - 1/2" by 64ths.

No.	Price
ENC560	\$4.94

**LIGHTED MAGNIFYING HEADWEAR**

Lightweight with adjustable straps. Double set of lenses plus an eye loop.

No.	Price
ENK2965	\$6.68

**LEAD PUTTY "SHAPE-A-WATES"**

Pliable Shape-A-Wate® lead tip inserts are the quick and sure way to balance a rod. Sold as 1" pieces, 12 pieces per pack.

No.	Qty	Price
GOL769A	2 grams	\$4.50
GOL769B	2 grams	4.50

**BUFFING/POLISHING KIT**

Includes 2 buffing wheels and 2 polishing compounds.

No.	Price
ENK151	\$8.44

**Cui CLASSIC ROD COAT**

Clear polymer epoxy formulated to provide the purest, clearest rod coating while providing deep luster protection.

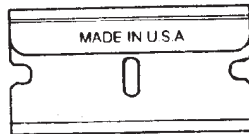

No.	Kit Size	Price
CUIRC002	2 oz.	\$8.63
CUIRC004	4 oz.	11.81
CUIRC008	8 oz.	17.71
CUIRC032	32 oz.	41.32

**SINGLE EDGE RAZOR BLADES**

Each blade protected by a cardboard sheath. Per box of 100 blades.

No.	Price
BL100	\$7.00

**EPOXY GLUE**

Durable two part epoxy for rod building applications. Quality resin and hardener for a super strong hold.

No.	Kit Size	Price
CUIEG004	4oz.	\$11.81
CUIEG008	8oz.	17.71

**DUST MASK**

No.	Price
ENK690	\$.40

**VERTICAL REEL SEAT PASTE**

A thick two part paste for bonding reel seats and handles. Easy clean-up for blank exposed touch reel seats.

No.	Kit Size	Price
CUIEGP012	12 oz.	\$21.80

**QUICK RELEASE CHUCK**

Designed for quick release. Fits 1/4" shaft.

No.	Price
ENK3200	\$2.50

**The American Classic: ELMERS GLUE**

All purpose glue for porous surfaces. Washes off with water, non-toxic. Handy squeeze bottle with twist top applicator.

No.	Size	Price
ELG01372	4 oz	\$.99
ELG01379	7 5/8 OZ	1.32

**VINYL RUBBER VISE CLAMP**

Solid vinyl rubber vise clamp secures blanks without damage.

No.	Price
GOL913	\$4.29

**PILOT METALLIC MARKERS**

Permanent super-color gold and silver.

No.	Nib Size	Color	Price
282633	Chisel	Gold	\$3.79
282642	Chisel	Silver	3.79
282651	Extra Fine	Gold	3.89
282661	Extra Fine	Silver	3.89

**PRO METAL VISE CLAMP**

Aluminum-encased universal rubber blank clamp. Provides non-slip surface for holding blanks. Good for gripping, trimming & repairs.

No.	Price
GOL8288	\$16.00

**EXPERT'S-CHOICE DECAL FILM**

The same decal film used by professional printers to produce commercial decals. Available in clear 8 1/2 x 11" sheets. Use your computer & printer to produce your own custom rod art.

No.	Description	Price
IJFILM	Ink Jet Decal Film	\$2.95
LFILM	Laser Decal Film	2.95
IJFILMW	Inkjet Decal Film, White	2.95
LFILMW	Laser Decal Film, White	2.95
LDFILM	Liquid Decal Film, 1 oz. (apply to decal to seal ink)	3.75
SSFILM	Setting Solution, 1 oz.	3.75

## DIGITAL MEDIA

Make your own decals and signs with your computer and printer

### HOLOGRAM SELF-ADHESIVE

8½" x 11" Hologram Effect for laser printers and dry resin that can handle thick media. Instructions included. Thickness: 160 GSM. Silver Shine reflects a rainbow of colors.

No.	Color	Price Each
PAP4	Silver Shine	\$2.45

### HOLOGRAM SELF-ADHESIVE FILM

8½" x 11" Hologram Metallic Polyester Film for all desktop inkjet printers. Comes with instructions. Thickness: 3 MIL. Permanent adhesive. Make unusual graphic stickers or photos that will get noticed.

No.	Color	Price Each
IHGS8511G	Silver-Glitter	\$1.95
IHGHP8511G	Hyperplaid	1.95
IHGSD8511G	Stardust	1.95
IHGSS851	Silver-Shine	1.95

### SELF-ADHESIVE METALLIC SILVER GOLD FILM

8½" x 11" High Gloss Metallic Polyester Film for all desktop inkjet printers. Comes with instructions. Thickness: 3 MIL. Permanent adhesive. Glossy metallic shine film (not paper) especially coated for inkjet printers.

No.	Color	Price Each
PAP1-SC	Silver/Chrome	\$2.35
PAP1-GG	Glossy Gold	2.35

### GLOW IN THE DARK

For laser printers and dry resin that can handle thick media. Bright Green Glow lasts up to 12 hours. Instructions included. Thickness: 160 GSM. Great new media to make fun stickers. This new glow in the dark formula will last much longer than older labels. This media has cling/tack adhesive and will stick to most substrates. This media is reusable. It can be peeled off most surfaces and then re-used. Works well in HP 5L, Minolta QMS Magicolor and other similar laser printers.

No.	Color	Price Each
PAP5	Bright Green Glow	\$2.31

### WINDOW TRANSPARENCY FILM

8½" x 11" Self-adhesive Window Transparency Film for all desktop inkjet printers. Comes with instructions. Thickness: 3 MIL. Removable adhesive. This film differs from our clear self-adhesive vinyl in the following way: it is more rigid because this is PET film instead of PVC. It has removable adhesive. It is also clearer (more transparent than the vinyl). Easier to apply gently to glass without trapping any air bubbles.

No.	Color	Price Each
PAP2	Clear	\$1.80

### ROD WRAP

Grip is the key to achieving superior performance. Rod Wrap is a revolutionary new product that wraps over fishing rod handles, giving anglers a non-slip grip with enhanced comfort. This new amazing material is ultra thin and ultra tacky, which substantially increases grip and performance while casting. Rod Wrap also protects fishing rod handles from the harsh elements of sun, dirt, fish slime, sunscreen, fish attractants, and everyday abuse. Rod Wrap can also make old, slick and degraded rod handles perform better than when they were new. Rod Wrap is not a tape and leaves no sticky residue on the rod handle. It simply wraps over itself to form a protective non-slip bond with the rod handle. Available in 13 exciting colors—you can color code your rod handles by rod action! The only difference between sizes is length of the material. Width does not vary. If in doubt, choose the larger size. **Specify color from color chart below when ordering.**

No.	Description	Price
RWBWS	Small—8" handles (fly rods up to 8wt.)	\$2.08
RWBWM	Medium—16" handles, spinning & small casting 6' to 6'6" (pistol grip, drop shot, spinner bait rods, ice rods)	2.78
RWBWL	Large—19" handles, casting & spinning (flipping, cranking rods, gaffs & nets)	3.47
RWBWXL	Extra large—24" handles, casting & spinning (steelhead, catfish, muskie, salmon)	5.54
RWBW2XL	2XL—30" handles, saltwater jig sticks, surf rods	6.23

### COLOR CHART

### ROD BENCH / FLY TYING LIGHTS

#### LIGHTED MAGNIFIER w/CLAMP

- 3X magnification
- Fluorescent bulb
- Display boxed

No.	Price
ENK2970	\$57.99

#### LIGHTED DESK MAGNIFIER

- 3X magnification
- 2 fluorescent bulbs
- Display boxed

No.	Price
ENK2975	\$88.14

### ROD BUILDER'S HAMMER

Includes 6 interchangeable heads: 4 steel, 1 brass, 1 plastic. Aluminum grip.

No.	Price
ENK905	\$6.27

### 1½" DIAMOND BLADE

Diamond blade mounted on 1/8" shaft

- 8,000 RPM
- For cutting & grinding metal, fiberglass, graphite and plastic

No.	Price
ENK38715	\$3.95

**BELT SANDER**

This belt sander uses popular 1" x 30" belts, ideal for the small volume shop or hobbyist that can't justify the 1" x 42" machines costing hundreds more. This belt sander is perfect for everything. Features a tilting work table that makes it easy to set the angle for grinding. Also features a dust collection outlet for connection to a dust control vacuum system—a big plus considering the dust shaft prep work creates! 1/4 HP, 2 amp, 110 VAC, 60 Hz motor runs at 3450 RPM. Includes one belt.

No.	Price
IVS3C	\$105.00

Extra belts (1" x 30") available:

No.	Grit	Price
SB3C	Coarse	\$3.40
SB3M	Medium	3.40
SB3F	Fine	3.40

**HIGH SPEED BLANK CUTOFF MACHINE**

Easily cuts graphite and fiberglass. Adjustable guide allows you to cut any angle.

No.	Price
CSM6	\$75.00

Replacement 6" wheel

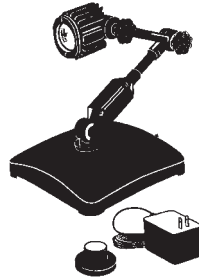

No.	Price
CSM6RW	\$7.50

**HALOGEN DETAIL ROBBUILDERS LIGHT**

Multi-adjustable bright 12 watt halogen lamp. On/off switch built into adjustable arm. 12 volt power transformer, accessory magnetic base allows lamp to cling to most metal surfaces. 6 foot cord.

No.	Price
ALEHBL12	\$19.50

**GRIP INLAY GRINDING TOOL**

- Variable speed: 5,000 to 33,000 RPM
- 135W, 120V, AC 50-60Hz
- Handy Carrying Case
- 40 Accessories Included

No.	Price
ENK101	\$39.43

**TRUECOLOR™ ROD BUILDERS LIGHT**

Functional design makes this lamp extremely versatile with strong clamp that holds tight. Clips to any surface from tables and counter tops to shelving and more. Adjustable shade rotates to direct light easily.

- Brings the power of natural daylight indoors
- 13 watt bulbs equivalent to a 60 watt incandescent
- can be moved around to view any wrap
- shows details clearly & color accurately
- low glare helps reduce eyestrain
- energy efficient, low heat
- bulbs last up to 10,000 hours

No.	Price
BREL13516	\$49.99

**MESH BUSHING TAPE**

Make your own bushing right on the blank—wrap the tape & coat with resin, glue etc. which will seep into the crevices to firmly bond your reel seat to the blank.

No.	Size	Price
MTC12301	1" x 30 yds	\$1.95
MTC12303	3" x 30 yds	5.95
MTC12305	5" x 30 yds	12.00

**PURE GRAPHITE CLOTH**

Used for bushings and blank extensions. Graphite fibers are stronger and stiffer for their weight than nearly all engineered materials. Graphite cloth handles like fiberglass and provides exceptional strength and stiffness. Bi-directional plain weave 3K carbon is more versatile than unidirectional cloth because load is better distributed. 5.7 oz. 12.5x12.5 threads per inch. 3" width tape with selvaged edge.

No.	Price Per Yard
DEF0500	\$10.00

**FIBERGLASS CLOTH**

Used for reel seat and gimbal bushings. 9 oz. basket weave, finished salvaged edge prevents unravelling.

No.	Width	Price Per Yard
DEF751473	1 1/2"	\$ .75
DEF751487	4"	1.60

**GUIDE FOOT TUBING - 5 ft. length**

Holds guides in place while determining placement, and for wrapping. Very elastic latex - just cut into bands.

No.	I.D.	Wall Dia.	Price
MPTT18-	1/8"	1/32"	\$4.44
MPTT36-	3/16"	1/16"	4.68
MPTT14-	1/4"	1/16"	5.02
MPTT38-	3/8"	1/16"	7.12
