

Power Handles & Rod Rings

Power Handles

Not Just Handles—

These are Reel Upgrades!

Free Floating, pivoting knob freely moves from left to right with a knob padded with the highest quality EVA. This totally eliminates rod torque and all pressure on your hand, wrist & forearm while cranking. The pain is gone and the rod is always in control. These make your high end reel look & work even better.

Rod Rings

Rod Rings are a simple way to protect your reels from being scratched by big game hooks and keep them from being pulled overboard. One ring is used for your safety line and the other for your lure hooks. Rod Rings are available in 4 sizes for the different sized detachable trolling butts. Available in gold, silver and black.

AFTCO:

RRARS1	#0 ARS-1 Reel Seat	Ring ID.—.915"
